

Dear Family Member,

We are working hard to ensure our patients, residents and staff are safe during the Covid-19 Pandemic.

Like every skilled nursing facility, we have had the State Health Department conduct intensive surveys to review our infection control protocols. We are proud to report that several of these surveys resulted in ZERO deficiencies and overall the State concluded that our infection control systems and procedures meet or exceed their guidelines.

Unfortunately, we are not able to provide in-person family visitation at this time but this can change at a moment's notice and we will inform families accordingly. In the meantime, to schedule a virtual visit with your loved one, please contact Dee Dee Via at 276-694-7162 ext. 1804.

We look forward to seeing you soon!

Sincerely,
Mary Lynn Yengst,
Acting Administrator
